

## ShutterShop Best Price Guarantee

---

### We won't be beat on price.

We will meet or beat the current product price of local competitors for products that we have quoted to you within 15 days of the quote provided by ShutterShop.

### Special considerations:

- The competitors' quote must be for the **identical product by brand, features, options, and inclusive of all additional costs** (such as any add on costs for measuring, shipping, or installation).
- Only local full-service competitor quotes are considered for inclusion under our Best Price Guarantee.
- Products purchased, shipped from, or sold by third-party sellers on eCommerce sites and/or Online Retailers are not covered by this guarantee.
- You will need to provide a copy of the competitors' quote so that we may verify we are providing pricing that exactly matches detail-for-detail what a competitor has provided.
- If their pricing is lower, we will meet or beat their price.
- Our Best Price Guarantee covers new items only (excludes excess inventory clearance, used or refurbished items, scratch and dent, etc.). Products by Hunter Douglas are also excluded.
- Sales taxes are not factored in as part of our Best Price Guarantee.
